Kite-Day Story

Imagine you are making a kite. Tell the story with your finger.

1. Listen to the story.
2. Point to what happens first.
3. Then point to next and last.

Let’s try one together

A tiny art story: take paper, draw a heart, show the picture.

1 FIRST

2 NEXT

3 LAST

Your turn

Listen: “First, you fold the paper. Next, you add a tail. Last, you fly your kite.”

Point to the three pictures in story order. No writing needed.
